Many years ago, after pursuing my education at some of the top universities in the country, I arrived in Fresno with my young family. I have had the pleasure of serving our community for nearly a quarter century, as a school board member, then a county supervisor, and lastly as a member of the Assembly.

Esmeralda Soria and I have a lot in common. We are both children of farmworkers who both grew up in the Central Valley, completed our education and returned to serve our community.

She has worked on policy issues at the local, state and federal levels, and is currently a law school professor and a policy advisor to the Legislature. She'll be a breath of fresh air on the Fresno City Council, and she'll bring her intelligence and common sense, along with her passion to serve our community.

It's because of Esmeralda's leadership and independence that she has earned the support of Democrats, Republicans and independents alike. As an independent, I'm proud to be among Esmeralda's supporters. As a resident of District 1, I respectfully ask you join me in voting for Esmeralda Soria on June 3.

Juan Arambula
