Voters in District 1 will be doing the right thing, and the smart thing, on June 3 when they vote for Rebeca Rangel for Fresno City Council. Rebeca is a social worker who has been a District 1 resident and community leader for many years. She's not a "carpetbagger" and she's not using this election as a footstep to becoming a career politician.

What she is, is a very strong, intelligent and hard-working woman who has devoted herself to improving the lives of the residents in her community. She knows the people, the needs and the issues in District 1, and has experience in dealing with and solving problems in the area. So on election day, do the smart thing and vote for Rebeca Rangel.
