

Catalano has the skills

Of the seven districts in the city of Fresno, District 1 is the largest and most ethnically and socioeconomically diverse. Serving this population as councilperson requires experience, motivation and dedication. Cary Catalano meets those qualifications.

As a resident of District 1 for more than 14 years, Cary is well aware of the variety of issues that affect the district's neighborhoods. His work in the areas of homelessness, hunger, public safety and unemployment have given him a deep understanding of these matters, with which Fresno is faced on a daily basis.

On several occasions, I have spoken with Cary about concerns I have regarding my own Tower District neighborhood as well as Fresno as a whole. His respect, attention and knowledge have made it clear to me that he sincerely loves Fresno and cares about the future of the city. He has the experience, leadership skills and organizational abilities that make him the right choice to serve the people of District 1.

Please join me in supporting Cary Catalano for District 1 Fresno City Council.

Mallory Moad
