

## Children's Hospital decision

January 24, 2015

Regarding Valley Children's Hospital: I am in full agreement with Dr. Aimee Abu-Shamsieh (Jan. 11 letter). In severing its relationship with the UCSF Fresno Medical Education Program, Children's has undermined years of work to get a medical training program here in Fresno and the work of former Assembly Member Bruce Bronzan, who worked so hard on this project.

They seem to have forgotten their purpose is to serve all children not just the privileged. We have one of the best teaching medical programs right here in Fresno. Come back and join a proven medical teaching program!
