Homebuilder [De Young Properties](#) broke ground on its ninth [St. Jude Dream Home](#) in Clovis on Thursday morning.

This year's house is the De Young EnergySmart Residence 260 Multi-Generational home — a design that provides a second, separate living space under one roof. It is located in the Park View development at Temperance and Sierra avenues.

The 3,000-square-foot house will have four bedrooms, four bathrooms, a formal dining room and two covered patios.

The multi-generational floorplan can be used as a mother-in-law suite, a space for an adult child or a home office. It

includes a bedroom and bathroom, a kitchenette, a living space and a private entry.

De Young has raised more than \$7.6 million for [St. Jude Children's Research Hospital](#) through the annual giveaway. The company hopes to raise another \$1.1 million this year.

Tickets will go on sale in August.
