

# Existing-Home Prices Hit Record: \$236,400

By Laura  
Kusisto

Prices of existing homes sold in the U.S. vaulted to a record high in June, topping the mark set in 2006, as sales increased at their strongest pace in more than eight years.

The data suggest the housing market is rapidly gaining ground after years of contraction and, until recently, a halting recovery.

The median sale price for a...
