Smart & Final is set to open its newest Fresno location at Blackstone and Clinton avenues during a special ceremony Friday at 7 a.m.

The 2425 N. Blackstone Ave. location is now the fifth Smart & Final location in the Fresno-Clovis area. It is located in a former Save Mart store at the northwest corner of the intersection. It will have the retailer's more consumer-focused "Smart & Final Extra!" format.

Smart & Final had originally planned to construct a new store on the southwest corner of intersection, but a site design disagreement with the city turned the retailer to the former Save Mart location north of Clinton.
