

Monsanto to Chart Growth Plan as Farmers Feel Squeezed

By Jacob
Bunge

Investors are looking to Monsanto Co. this week to explain its plan for growth after the failure of its ambitious bid for rival Syngenta AG and amid a continued slump in the farm economy.

The giant maker of biotech seeds is set to report earnings on Wednesday. That will put the spotlight on Chief Executive Hugh Grant and his deputies in what are expected to be their first detailed comments on Monsanto's future since it dropped its...
